

CROSS TIMBERS GRAPE & WINE ASSOCIATION

An association for Texas Grape Farmers & Wine Crafters in the Cross Timbers Eco Region of Texas. This organization was developed for those hard working grape farmers and wine crafters that all share similar challenges in growing conditions and product marketing in our region of Texas.

A farm is more than land and crops. It is a family's heritage and future.

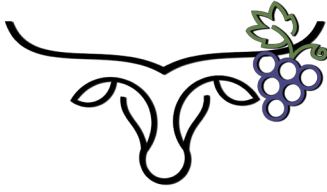

We invite all vineyard owners and wine makers in our Cross Timbers ecoregion to become a part of our association family, and share in the trade secrets and opportunities that exist from Denton to Ft Worth to Waco.

Cross Timbers Vineyard & Winery Members receive the following:

- Growers Information and experiences to help our fellow farmers, and give them a greater chance for growing success.
- Wine Crafters Information and experiences to help our fellow wine crafters, and give them a greater chance for success
- Trade information provided and shared thru group emails, newsletter, meetings and training events.
- Share Marketing strategies and opportunities.
- Wine Festival Event strategies, assistance and invitations.
- Wine Trail collaboration, strategies and marketing.
- Training and educational events.
- A Texas EcoRegion agricultural society with a voice when change is needed.
- Become a part of a special family of grape farmers, ranchers and wine makers with their own wine & grape trail publication. The "Cross Timbers Grape & Wine Trail" magazine Members receive FREE ¼ page advertisements in each Cross Timber Grape & Wine Trail publication. This magazine is currently scheduled to publish every 6 months, and distributed throughout all major cities and towns within our ecoregion, including Ft Worth and the metroplex. Our plans are to eventually have quarterly publications to be distributed across Texas and into the Hill Country. We do expect all members to assist with distribution in their area.
